Vyankatesh Bairagi

SOFTWARE ENGINEER | FULL STACK DEVELOPER | MERN STACK

+91 9075097235 | vyankateshbairagi.dev@gmail.com | linkedin.com/in/vyankateshbairagi | github.com/vyankateshbairagi

PROFESSIONAL SUMMARY

Computer Engineering graduate with hands-on experience in full-stack web development using the MERN stack. Experienced in building responsive web applications, REST APIs, role-based access control, authentication, payment integration, and cloud-based deployment. Seeking an entry-level software development role to contribute to reliable web applications while continuing to strengthen software engineering and problem-solving skills.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript, C, C++, Python
Frontend: HTML5, CSS3, React.js, Next.js, Tailwind CSS
Backend: Node.js, Express.js, REST APIs
Databases: MongoDB, MySQL, PostgreSQL
Tools & Technologies: Git, GitHub, Postman, VS Code, JWT, Razorpay, Cloudinary, Socket.IO
Core Concepts: Data Structures and Algorithms, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks

WORK EXPERIENCE

Web Development Intern | ThinkBuild — Nashik, Maharashtra
Jul 2026 – Present

- Develop responsive, reusable, and user-friendly UI components using React.js, JavaScript, and Tailwind CSS for a logistics management platform, ensuring consistent design and functionality across devices.
- Build interactive dashboard interfaces, forms, data tables, navigation menus, and search and filter components to improve data accessibility and streamline operational workflows.
- Integrate REST APIs with frontend components using Axios or Fetch API, manage application state, and implement loading indicators, error handling, form validation, and dynamic data rendering.
- Optimize frontend performance, component reusability, layout responsiveness, and cross-browser compatibility while maintaining clean code, consistent styling, and an intuitive user experience.

PROJECTS

PanditJi – Divine Puja & Astrology Platform | 2026 Live Demo GitHub
Tech Stack: MongoDB, Express.js, React.js, Node.js, Tailwind CSS, JWT, Razorpay, Cloudinary, Socket.IO

- Developed a full-stack platform for puja bookings and astrology services, with role-based dashboards for users, pandits, and administrators.
- Implemented JWT - based authentication, Razorpay payment integration, Cloudinary image uploads, and Socket.IO notifications.
- Built REST APIs and MongoDB schemas for services, bookings, payments, and reviews; deployed the frontend on Vercel and backend on Render.

ChaloBuild – Gym Management System | 2026 Live Demo GitHub
Tech Stack: Next.js, React.js, TypeScript, Tailwind CSS, PostgreSQL, Prisma ORM, JWT

- Developed a gym management application to streamline member management, membership tracking, and daily administrative operations through a centralized dashboard.
- Designed a modern, responsive UI with dashboard analytics, search functionality, and quick actions to improve usability and operational efficiency.
- Integrated PostgreSQL with Prisma ORM for structured data management and implemented role-based access control to support secure, organization-specific operations.

Prego – Online Grocery Shopping Platform | 2025 Live Demo GitHub
Tech Stack: MongoDB, Express.js, React.js, Node.js, Tailwind CSS, JWT, Razorpay, Cloudinary

- Developed a grocery shopping platform with customer and seller modules for product browsing, cart management, order placement, and inventory management.
- Implemented JWT authentication, cookie-based token handling, Razorpay payment signature verification, and Cloudinary image uploads.

- Designed REST APIs and MongoDB schemas for products, carts, addresses, and orders; deployed the frontend on Vercel and backend on Render.

EDUCATION

B.E. in Computer Engineering | 2023–2026

Sandip Institute of Technology and Research Centre, Nashik | *CGPA: 8.23/10.0*

Diploma in Computer Technology | 2020–2023

Amrutvahini Polytechnic, Sangamner | 84.8%

SSC (Class 10) | 2019–2020

Madhyamik Vidya Mandir Nirhale | 87%

CERTIFICATIONS

- Introduction to MERN Stack — Simplilearn
- Introduction to Responsible AI — Simplilearn

LEADERSHIP & ACHIEVEMENTS

Coordinator | CESA, Sandip Institute of Technology and Research Centre | Oct 2023 – May 2024

- Coordinated digital gaming events and interactive sessions for 383+ students, promoting teamwork, strategic thinking, and student engagement.
